The Rock’er features a built in rocking base that provides a soothing back and forth motion. Users have the option to rock away, or “lock the rock” to set the chair in a specific tilted position. Featuring our patented deep “V” design and systematic foam construction, The Rock’er provides the ultimate in support and comfort.

The Roll’er is ideal for going from room-to-room in therapy settings, at school or at home. With upright positioning and our patented deep “V” foam design, the Roll’er keeps users secure and positioned for maximum engagement and participation. The Roll’er comes standard with a supportive wooden base that allows for accessories such as our Feeding/Activity Tray and Push Bar to be added.

Please note, both Rock’er and Roll’er models come standard with our Multi-Purpose Ottoman
