

## Alternative Seating Dedicated to Your Comfort, Support and Style

Chill-Out Chairs are part of the Freedom Concepts Inc. family of premier, custom-designed products that support an inclusive world for all users and bear our highest commitment to quality.

Unique colors, patterns and textures make up our latest fabrics. All choices were based on input from Physical and Occupational Therapists, Psychologists and parents of children with Cerebral Palsy, Aspergers, and Autism. Colors and textures were carefully chosen based on occupant response. Choose between smooth plush finishes with soothing characteristics or highly textured fabrics for increased tactile and visual stimulation.

Call us today and let us show you  
what you have been missing.
