

Dedicated to Your Comfort, Support and Style

#LuvtoChill

chill-outchair.com

BEFORE WE WERE CHILLING-OUT, WE WERE CYCLING HARD.

Chill-Out Chairs are part of the Freedom Concepts family of premier, custom-designed products that support an inclusive world for all users. They bear our highest commitment to quality. Since day one, our innovations have been driven by the challenges heard from families, therapists, medical professionals and users. We want to help more children and adults benefit from the comfort, positioning and sense of inclusion that our chairs provide. Our goal is to help you create an environment that one can be inspired in, focus in, learn in, game in, eat in, relax in, and of course, Chill-Out in!

Ken Vanstraelen PRESIDENT

OUR TEAM WOULD LOVE TO MEET YOU.

Therapists and educators count on Freedom Concepts for customer service and support. If our existing product lineup does not suit your specific needs, we will custom-build something that will.

Why Chill-Out Chairs?

THEY'RE COMFORTABLE

When people are comfortable, it's easier for them to relax. Every Chill-Out Chair is built with a combination of high-grade foams that provide maximum comfort and support to people of all ages and abilities. These high-grade foams also help relax spastic muscles, provide sensory input and contribute to inclusion and participation.

THEY POSITION FOR SUCCESS

Each Chill-Out Chair is built using our patented Deep-V Foam Design. This special cut in the foam gives kids and adults a light cocooning hug that helps the body relax and remain in place, making Chill-Out Chairs a perfect seating alternative to a wheelchair or powerchair. Chill-Out Chairs also facilitate proper postural positioning and are a great option when working on individual goals to accommodate and support physical anomalies. Additionally, our Multi-Purpose Ottoman provides supported leg elevation and assists with overall circulation, stability and pressure relief.

THEY'RE MAINTENANCE FREE

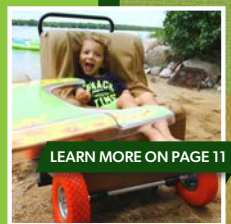

We want you to get the best experience out of your Chill-Out Chair. Part of that is making sure it's sanitary and easy to clean. Our Medbloc Liner helps protect the foam's integrity while our fabric selection is made up of washable and wipeable fabrics to make cleaning quick and easy.

THEY'RE ADAPTABLE

Chill-Out Chairs can be used anywhere! At home, at school, in therapy or even outdoors. Our various accessories ensure that users can be comfortable no matter where they are, and our Sunbrella® fabric covers can handle even the toughest weather conditions.

WE CUSTOM-BUILD

If our standard lineup of Chill-Out Chairs does not meet your specific needs, we would be happy to custom-build a chair for you. We can customize the height, width, tilt and shape of the chair to ensure that it works perfectly for you. We can also create custom shaped positioning cushions and wedges to help you achieve your positioning goals.

Are You a Roll'er?

The Roll'er is perfect for going from room-to-room in therapy settings, at school or at home. With a rolling wheelbase, the Roll'er can reduce the number of transfers required throughout the day. It also helps increase the users overall comfort while keeping them secure and positioned for maximum engagement and participation.

STANDARD ROLL'ER*

- Rolling Wheelbase with 2 Locking Castors
- Deep-V Foam Design
- Upright Positioning

*Please note, the Roll'er model's wooden base allows for accessories such as the Feeding/Activity Tray, Ottoman Support Kit and Powder-Coated Push Bar to be added.

Chill-Out Chairs Are For Everyone!

Our Chill-Out Chairs are built for people of all ages and abilities. To see a full sizing chart, visit page 13.

"What Jacoby likes best of all, however, is his ability to sit and play with his twin sister and friends. In his Chill-Out Chair, Jacoby joins us for dinner at our level; he watches baseball and participates fully without requiring such constant attention. It's a relief for the entire family. And no doubt about it, Jacoby enjoys his independence."

—Vanessa Z (Jacoby's Mom)

Are You a Rock'er?

Known for its calming effects, the Rock'er features a built in rocking base that provides a soothing back and forth motion. Standard with an ottoman that can be attached with tough velcro straps, users have the option to rock away, or "lock the rock" at the angle of their choosing to lock the chair in a fixed tilt position.

**Both Models Include
Our Multi-Purpose Ottoman*

STANDARD ROCK'ER*

- Rocking Base
- Deep-V Foam Design
- Adjustable Chair Tilt
- 100% Foam Construction
- Lightweight and Portable

COMFORT IN THE CLASSROOM

Build a better learning environment by adding a Chill-Out Chair to your classroom. Chill-Out Chairs help children with special needs relax and focus on the task at hand. The removable cover makes cleaning quick and easy, and the addition of our Medbloc Liner will protect the integrity of the foam.

TEACHER'S NOTES

- INCREASES INCLUSION IN THE CLASSROOM
- ALLOWS STUDENTS TO RELAX AND FOCUS ON THE TASK AT HAND
- EASY TO CLEAN

Foam Options

Chill-Out Chairs are made with a variety of specific foam grades. Our density and firmness configurations offer the ultimate in targeted pressure relief, comfort and support. All of our foams are premium quality, UFAC approved and CAL TB117 flame resistant.

ESSENTIAL FOAM

The Essential Foam Package is made of one density to offer great comfort and support to those 100lbs or less. Available upgrades include our Luxury Comfort Package, memory foam, and optional extended warranties. For more information visit chill-outchair.com

TEC FOAM (THERAPIST'S/EDUCATOR'S RECOMMENDED CHOICE)

The TEC Foam Package provides soft comfort, firm support and the best durability at all weights. The TEC Foam Package comes with our Luxury Comfort Package and a standard three-year warranty.

SO MUCH MORE

Extra fire protection, extended warranties, memory foam liners – we've got it all covered. Please go online or speak to a representative to learn about all of our foam package add-ons.

UNDERNEATH THE COVER

SPILLS? NO WORRIES!

Our heat-sealed Medbloc Liner slips over the chair's foam core and protects the hygienic integrity of the chair.

COMFORT AND HAPPINESS, AT HOME

While at home, your child can enjoy the comfort and support of their very own Chill-Out Chair as an alternative to sitting in a wheelchair, laying on the floor or being propped up with cushions. Give them their very own piece of furniture that allows them to sit safely and comfortably with the rest of the family.

Fabric Options

Unique colors, patterns and textures make up our latest fabrics. All choices were based on input from physical and occupational therapists, psychologists and parents of children with special needs. Colors and textures were carefully chosen based on occupant response.

Choose between smooth plush finishes with soothing characteristics or highly textured fabrics for increased tactile and visual stimulation.

FABRICS FOR ALL ENVIRONMENTS!

We've built our fabric selection with stain resistance, bacteria resistance and outdoor use in mind.

Our Crypton® fabrics are engineered to provide permanent moisture, stain, odor and microbial protection.

Our new Sunbrella® fabrics boast some of the best stain and water repellant characteristics. Go online to see our full fabric listings.

REWARD HARD WORK AT THERAPY

Our chairs add an element of comfort to any therapy center or hospital. The Roll'er model's upright positioning is great for people with cerebral palsy and the Feeding/Activity Tray accessory makes the chair a favorite among therapists at feeding time. Our durable foams and fabrics meet the highest standards of flame resistance and bacteria protection.

Comfortable With and Without the Multi-Purpose Ottoman

"I have been an occupational therapist for a long time and this chair is perfect for so many reasons. Most importantly, it supports a variety of muscular skeletal conditions and provides tactile feedback for those that require that sensation."

-Stacie, Occupational Therapist

Accessories

A) 3-Point Padded Pelvic Positioning Belt

- Helps maintain an upright sitting position
- Provides pelvic stability
- Prevents user from exiting chair

A.

B) Rock'er Roll'er Base

Stimulating, yet soothing – the Rock'er Chair is the perfect addition to any sensory or Snoezelen® room.

The Rock'er Chair's gentle rocking motion and Deep-V Foam Design provides a relaxing and soothing sensation for those with autism and other developmental disabilities. Call us today to customize your sensory or Snoezelen® Chill-Out Chair.

We Build Chairs for People of All Abilities

All Chill-Out Chairs can be customized for specific needs. Most of our standard chair features started out as simple customer requests, then as demand grew they became regular features or options. If our existing product lineup doesn't suit your specific needs, we can custom-build something that will.
